

1. Material-/Preparation- and Company Identification

- 1.1. Trade name: 098-10532R
Toner cartridge compatible 32a for use in
HP LJ 5500, 5550 yellow
- 1.2. Company: Pedro Schöller Printservice GmbH, Ernst-Abbe-Str. 19,
D-52249 Eschweiler/Germany
- 1.3. Phone: +49(0)2403-9484-0
- 1.4. Fax: +49(0)2403-9484-740

2. Component/substance

Ingredients	EC-Number	CAS-Number	Content
Pigment		no statement	1 - 20 %
Styrol Acryl Copolymer		no statement	70 - 95 %
Silicia		7631-86-9	< 5 %

3. Hazards identification

No serious dangers human and beast are known.

In case of contact with eyes it may cause an eye irritation.

Unlikely to cause skin irritations.

If you breath in large quantities, it could cause lung irritations.

However, the normal use does not lead to an inhalation of larger quantities of toner powder.

4. First-aid measures

You do not have to bargain for harmful consequential damage.

Nevertheless, the following measures should be observed:

- 4.1. Contact with skin: wash with water and soap.
- 4.2. Contact with eyes: Do not rub eyes. Immediately flush with large
amounts of clean, warm water.
- 4.3. Inhalation: Remove it from the source and rinse your mouth
out with water. If symptoms persist, get medical attention.
- 4.4. Ingestion: Rinse out your mouth; drink one or two glasses
of water. If symptoms persist, get medical attention.

5. Fire fighting measures

- 5.1. Extinguishing media: Water, powder, foam, CO₂
- 5.2. Corrosion products: CO, CO₂
- 5.3. Fire fighting: Be careful that the toner does not disperse
- 5.4. Protective equipment: not specified

6. Accidental release measures

- 6.1. Personal precautions: Avoidance of
inhalation, ingestion, eye- and skin-contact.
- 6.2. Environmental precautions: not specified
- 6.3. Procedures if material is released: Vacuum it with a hoover or wipe it up with a wet cloth.

Trade name		Toner cartridge 098-10532R		Date: 05.08.2005	Page 2/2
7.	Handling and storage				
7.1.	Handling:	Do not open the toner reservoir; avoid inhalation and eye contact.			
7.2.	Storage:	Store the toner reservoir cool and dry, protect it against dampness, hotness (higher than 40°C) and flames. Keep it out of the reach of children.			
8.	Exposure controls/personal protection				
8.1.	Exposure limit values:	ACGIH (TWA) and HSE (EH40) recommend the following highest concentration of powder: 10mg/m ³ (8 hours. TWA [total weighted average]). Totalling inhaled powder: 5mg/m ³ (8 hours. TWA) totalling inhaled powder			
8.2.	Exposure guideline:	Use in well ventilated area.			
8.3.	Inhalation protection:	* under normal conditions of use not essential/ aeration of room			
8.4.	Hand guard:	* under normal conditions of use not essential			
8.5.	Eye protection:	* under normal conditions of use not essential			
8.6.	Body protection	* under normal conditions of use not essential			
9.	Physical and chemical properties				
	Appearance:	fine powder			
	Aroma:	nearly inodorous			
9.1.	Melting point:	110 - 150° C			
9.2.	Density:	(° C) not specified	g/cm ³	1,0 – 2,0	
9.2.1.	Bulk density:		kg/m ³		
9.3.	Vapour pressure:	(° C) not specified	mbar	not specified	
9.4.	Viscosity:	(° C) not specified			
9.5.	Solubility	insoluble	g/l	negligible	
9.5.1.	in	(° C)	g/l	not specified	
9.6.	pH-Value	g/l H ₂ O (°)			
9.7.	Flash point:	> 100°C	°C	not specified	
9.8.	Ignition point				
9.9.	Explosions limit	(° C) not specified			
10.	Stability and Reactivity				
10.1.	Pyrolysis:	>200° C			
10.2.	Dangerous decomposition products:	CO, CO ₂			
10.3.	Dangerous reactions:	does not occur			
10.4.	Further indications:	not specified			
11.	Toxicological information	Contains no baneful and dangerous substances. The Ames Test result was negative.			
12.	Ecological information	not specified			
13.	Disposal considerations	Can be disposed with domestic waste. (PS takes back the toner cartridges for free)			
14.	Transportation information	GGVSee/IMDG-Code:	no statement		
		GGVE/GGVS:	no statement		
		UN-No.:	no statement		
		RID/ADR:	no statement		
		ICAO/IATA-DGR:	no statement		
		ADNo:	no statement		
		other indications:	no statement		
14.1.	Water pollution class:	All materials are according to §19g, clause 5 of VwVwS, attachment 1, not menacing for water.			
15.	Regulatory information:	All substances in this product correspond to the regulations of the EG-directive 67/548/EEC.			
16.	Other information / Info of the manufacturer	Pedro Schöller Printservice GmbH, Ernst-Abbe-Str. 19, 52249 Eschweiler / Germany
